6. Only applications that have 0 Not mets will show up on this page. You can submit the application into the state by clicking the Add button. It is now in the states queue for judging. Hint: If the application doesn't show up on this list it either has Not Mets or you didn't highlight the correct application line. Remember if you made any changes to the application you will need to click the Print/Finalize button again on resubmit it through the system.
