PREPARED PUBLIC SPEAKING - State

Each district may be represented by two speakers at the State LDE Day. An elimination round will be held, consisting of two groups of eight speakers selected by alternating first and second place district winners. For example, Group A would be set up with the first-place speaker from District 1, second place speaker from District 2, first place speaker from the District 3, etc. Group B would then start with the second-place speaker from District 1, etc.

The procedure, rules and scorecards will be identical with those used in the district events. The judges will select the two top contestants from Groups A and B and these four will be the finalists.

Individual scores will be tabulated and broken into gold, silver and bronze award areas. The high individual at the State LDE Day will be named and receive a "baby bison" trophy and eligible to participate in the National FFA Prepared Public Speaking LDE. Appendix B: Related Academic Standards- **Prepared Public Speaking**

National academic standards for mathematics, science, English language arts and social studies related to this event are reported below. The statements are based on information in reports of the respective associations/organizations in the academic areas. Some adjustment of numbering was done to facilitate the process of alignment with the standards that have been developed in the pathways of the Agriculture, Food and Natural Resources (AFNR) Career Cluster.

The approach was to determine the presence of alignment between the content standards, expectations or thematic strands of the four academic areas and the performance indicators of the AFNR Standards. Supporting statements have been included to clarify content of the respective content standards, expectations or thematic strands. The statements were initially developed independently by the respective organizations and, therefore, are not parallel in wording and presentation. Occasionally minor editing was done to adjust the background or stem of a statement but not the statement itself.
