North Dakota State Crop Show Exhibitor Guide

The 2024 North Dakota State Crop Show is on March 1st, 2024 at the North Dakota Winter Show in Valley City

General Rules and Regulations for Exhibitors

1. Any North Dakota resident may exhibit a crop sample grown in North Dakota from either the 2022 or 2023 growing season.
2. An exhibitor can only enter in one division, either the open, 4-H or FFA division. No person shall be permitted to enter more than one exhibit of the same variety in any one lot. The exhibitor must indicate the division on the official entry tag.
3. Exhibitors must state on the entry tag the class, lot number and the kind and variety/hybrid under which the entry is to be judged. The officials in charge of exhibits, or the judges, reserve the right to make any corrections in class or lot numbers in case of errors.
4. All samples must be properly labeled with the official entry tag. A copy of the entry tag can be found in this booklet or online on the Winter Show website at: www.northdakotawintershow.com/wintershow-cropshow.
5. **All** samples and sheaves become the property of the North Dakota State Crop Show Committee and will not be returned. Extension Agents or FFA Advisors can request samples for educational purposes by completing a request form available from the Winter Show office. The sample request form is due **when samples are dropped off**. Samples **must** be picked up Monday following the conclusion of the Winter Show during office hours.
6. Entry deadline and sample drop-off is noon Wednesday, February 28, 2024. Judging will be on Friday, March 1, 2024. If an exhibitor is unable to transport or mail a sample to the ND Crop Show, exhibitors are able to drop off samples at one of the following drop-off locations:
 - Beulah High School, 204 5th St. NW, Beulah, **By noon on Saturday, February 17, 2024**
 - Lisbon High School, 502 Ash Street, Lisbon, **By noon on Saturday, February 24, 2024**
 - Carrington Ag Education Department, 100 3rd Ave South, Carrington, **By 6:00 pm on Tuesday, February 27, 2024**
 - North Dakota Winter Show, 700 7th St SE, Valley City, **By noon on Wednesday, February 28, 2024 (entry deadline)**
7. The North Dakota Winter State Crop Show management will not be responsible for loss, damage, or mixture of any entry, but will exercise reasonable precaution at all times.
8. The following minimum quantities will be required for all entries for all divisions.
 - Two quarts ~ Wheat, durum, oat, barley, sunflower, rye, pea, lentil, bean and shelled corn
 - One quart ~ Flax, canola, small seeded legumes, millet, and seeds of similar size
 - Ear Corn ~ Ten ears
9. Small grain sheaves should measure 2 ½ to 3 inches in diameter halfway between the butt and the head of the sheave. Sheaves should be tied firmly and securely in three to four places.
10. Entries not meeting the minimum requirements will be disqualified.

11. The management reserves the right, and the judges are authorized to reject any exhibits which in their opinion are deemed undesirable or not properly exhibited or represented. Commercially prepared seed, treated seed, unclean or bin run seed will be disqualified.

12. The best blue-ribbon entries from all three divisions within each lot will compete for the lot Championship premium money and awards.

13. Grade premium money for FFA and 4-H divisions will be:
Blue – \$5; Red – \$3; White – \$1

14. A \$10 premium will be awarded to the 1st place blue ribbon exhibits in the 4-H, FFA and Open division per lot.

15. Championship premiums will be awarded to the top six exhibits across all divisions based on sponsorships:

Crop Show Honoree

The 2024 North Dakota State Crop Show is dedicated to Lane Moellenkamp.

Lane was born in Fargo and raised in Lisbon where he graduated from high school in 1985. Lane earned his bachelor's degree in Agriculture Education from NDSU in 1990. After graduating from NDSU, Lane was hired by the Fessenden Public School to be the Agriculture Education Instructor and FFA Advisor where he taught a half day in Bowdon and then traveled back to Fessenden for the remaining half day. This continued for 10 years before the two schools consolidated to form the Fessenden-Bowdon Public School District. Currently, Moellenkamp is in his 34th year of teaching and advising the local FFA Chapter.

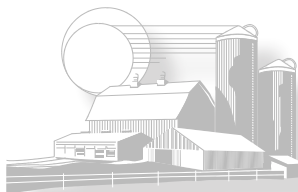

As a high school FFA member in Lisbon, under the guidance of Advisor Myron Johs, Moellenkamp began his crop exhibiting experiences. Each year the Lisbon FFA would have many grain samples at the North Dakota Winter Show and Lane spent countless hours at the kitchen table preparing samples in hopes of winning the top prize. When Lane began his teaching career, one of the things that he stressed to his students was that of preparing grain samples for the Largest Crop Show in the World. From year one, his students in Bowdon and Fessenden and now Fessenden-Bowdon have prepared grain samples each and every year for not only the North Dakota Winter Show Crops Show but for the local show in Fessenden.

In 2006, Fessenden-Bowdon organized an FFA Alumni and Supporters Group. One of the first activities of the organization was to host their own grain show as part of the Wells County Winter Show. This was an excellent feeder program for getting students to prepare grain samples as the Alumni, in conjunction with the Wells County Crop Improvement Association, put together nice premium incentives for the samples. The Wells County grain show currently held its 18th show in December of 2023. Since the inception of this show, Lane and/or his students have presented grain cleaning sessions each year to the elementary students at Fessenden-Bowdon in grades 3-6 in hopes of gaining participation in the activity. Each year the Wells County Show has between 50-75 grain samples and each of those grain samples will eventually make their way to the North Dakota Winter Show. Lane has tagged those exhibits as FFA, 4-H or open class samples and entered them at the Valley City show.

In 2022, The Wells County area youth had a high entry number of 72 samples exhibited in one of the three divisions. Since 1990, Moellenkamp estimates that the Fessenden and Bowdon area youth have exhibited upwards of 1500 samples at the North Dakota Winter Show Crops Show.

Lane will be honored at the North Dakota Winter Show Ag Social at the North Dakota Winter Show south exhibit building on Wednesday, March 6, 2024.

WORLD'S FINEST WHEAT

North Dakota is known worldwide as a source for quality wheat. This reputation was developed from a commitment of producers and researchers to focus on key functional traits demanded by customers in our wheat varieties. Generic wheat can be grown almost anywhere, and often much closer to the customer than the wheat fields of North Dakota. It is a distinction in quality that drives demand for our wheat, often at premium prices.

International and domestic customers demand clean, uniform, high protein wheat with the built-in genetic traits to provide strong gluten and high water absorption for bread and baked products, and strong gluten and bright yellow color for couscous and premium pasta products. Weather and management practices have a big influence on our annual wheat quality, but genetics also have an impact. North Dakota grown wheat can best meet our customer's quality demands through good management practices and planting varieties that have the genetics for quality, as well as agronomic and yield traits.

Competition for customers in the world wheat market is extremely intense, and any advantage makes a difference. Prioritizing quality in variety selection will ensure North Dakota remains the first choice for customers at the top-end of the quality spectrum in the world wheat market.

The North Dakota Wheat Commission encourages production of high quality wheat and is pleased to sponsor awards for the following wheat classes:
