Ag Teacher(s) | Christine Fannik

College Stats

Major | Nursing

School | Minot State University

From Velva, North Dakota, Evelyn Seil serves as the 2025–26 North Dakota FFA State Reporter. The daughter of Brian and Melinda Seil, Evelyn is a proud member of the Velva FFA Chapter and has been involved in many leadership and career development opportunities through agricultural education and FFA.

Evelyn's Supervised Agricultural Experience (SAE) is a placement project as a lifeguard at the Velva Pool, where she monitors patron safety, helps maintain the pool facility and surrounding area, and assists with upkeep of the community mini golf course. She began working at the pool at age 15 and enjoys serving her local community through her role.

She has participated in numerous CDEs and LDEs, including Parliamentary Procedure, Quiz Bowl, Prepared Public Speaking, Creed Speaking, Conduct of Chapter Meetings, Greenhand Quiz, Agronomy, Food Science, Floriculture, Agricultural Communications, and Nursery/Landscape, with Agronomy as her favorite. One of her favorite FFA memories was attending the Washington Leadership Conference.

Evelyn is attending Minot State University, studying nursing, and hopes to become a pediatric or NICU nurse. She enjoys reading, spending time outdoors, playing board and card games, and being with friends and family. Evelyn chose to serve as a state officer to give back to the organization that gave her a second family and to help every member feel they belong in FFA.
