

**NORTH DAKOTA**  
**FFA ASSOCIATION**

## State FFA Officer Biography and Information

**Name:** Bailey Urlacher

**Office:** Vice-President

**FFA Chapter:** New England

**Family:** Gregg & Mary (Parents) and Stetson & Stockton (Brothers)

**SAE:** My Supervised Agricultural Experience was in beef production placement where I worked as a ranch hand on my family's Registered Angus ranch. I started by primarily feeding cattle. Today, my responsibilities include assisting in daily chores, feeding cattle, hauling cattle to pastures and bulls to our customers, assisting in calving, helping make breeding decisions, and producing feed for the cattle.

**CDE/LDE:** Creed Speaking, Demonstration, Prepared Public Speaking, Extemporaneous Public Speaking, Parliamentary Procedure, Agricultural Sales, Land Judging, Range Judging, Nursery Landscape, Basic Ag Mech, Intermediate Ag Mech

**Favorite FFA Memory:** My favorite memory is attending the Washington Leadership Conference. I learned about leadership, how to initiate change, and how to connect with others. I loved getting to know people from around the nation and discussing the different types of agriculture. My favorite LDE is Prepared Public Speaking because it has allowed me to speak about the topics I am passionate about, and how to respond to questions based on my topic.

**Future Plans:** I am attending North Dakota State University, majoring in Agricultural Education and a minor in Animal Science. After completing college, I want to become an Ag Educator near my family's ranch so I can help to take over the ranch with my brothers while teaching.

**About Me:** I joined FFA my 8th grade year after being influenced by my older brother and my dad who were former members. I quickly fell in love with FFA and the people within it which has only continued to grow. I wanted to become a State Officer because of the impact past State Officers have had on me. The change that was made in my life and the opportunities they have pushed me to take on has helped me to believe within my own abilities. I want to help members believe in their abilities and push them to take on the opportunities within our organization. A fun fact about me is that I will always find a way to bring up cows in a conversation, or at least tell you a really bad cow joke.
