STATE

Event Rules & Format

1. The top two quiz teams from each district are eligible to compete in the state contest during Leadership Development Day.

Opening Round

The opening round of the State Quiz Contest will be the same as the format used at the District Leadership Conferences. The State FFA Association shall develop and provide a 100 point (100 question) written examination. This exam will be different than the exams used at the District Leadership Conferences.

Semi Final/Final Round

Teams in the final four will be placed one (1) versus four (4) and two (2) versus three (3).

- The Reader will ask the questions and determine a correct or incorrect answer. The Reader's decision is final and there is no appeal. The Reader will immediately stop reading the question when the buzzer sounds and allow the team to answer the question. If the team misses the question, the Reader will repeat the complete question for the other team. The Reader will give the correct answer at the end of the question if it is not answered correctly.
- Teams will have 10 seconds to buzz in after the moderator finishes reading the question. A team that buzzes in gets 10 seconds to answer the question. If they do not answer within that time, the other team may steal the question and receive 10 seconds to answer.
- If a player/team gives a correct answer prior to being recognized by the reader, that team will not receive points for the correct answer.

- In the Semi-final round, there will be 25 open-ended questions. The Semi-final round questions shall include various questions from the 12 categories. Anyone on the team may buzz in and answer the questions. Semi-final round A and Semi-final round B will have different sets of questions. In the case of a tie, there will be a tiebreaker question. Tiebreaker questions will be prepared prior to the event and will consist of various questions from the references and resources.
- In the championship round, there will be 30 open-ended questions. The Final round questions shall include various questions from the 12 categories. Anyone on the team may buzz in and answer the questions. The championship round will have different questions than the Semi-final A and B questions. In the case of a tie, there will be a tiebreaker question. Tiebreaker questions will be prepared prior to the event and will consist of various questions from the references and resources.
- The correct answer to a question is worth 10 points each. If the answer is incorrect, the team does not lose any points. Other teams may buzz in to answer a question if the answering team misses the question resulting in them receiving 20 points per stolen question. For example, if Team 1 buzzes in and answers the question incorrect, Team 2 can buzz in and steal. Stolen questions result in that team earning double the points (10 X 2 = 20).

Contestant Eligibility

1. To be eligible to participate the student must have completed an agricultural education course and appear on the chapter FFA membership roster.
2. Members of previous state championship quiz teams are not eligible to participate for team awards. They may continue to compete for individual awards only. They must be so designated upon registration.
